Xebia

- ✓ Quality
- ✓ Agility

Context and scope

As it was contacted two years ago to **reorganize the code** and improve its **quality**, Xebia now counts 6 developers taking part in a 11-people developing team.

The Xebia team is working on:
- JEE developments,
- Cassandra implementation,
- APIs,
- The business logic.

Technical environment

OPENSIPS   Asterisk   HTML 5   Java
